### **Melco colleagues visit National Security Education Exhibition as part of *Splendors of China* program**

Enriching colleagues' understanding of the Motherland's National Security  
developments

**Macau, Friday, April 16, 2021** – As part of Melco Resorts & Entertainment's *Splendors of China* learning program, 50 colleagues from the Melco management team today visited the 'National Security Education Exhibition' located at the headquarters of the Macau Forum for Cooperation between China and the Portuguese-Speaking Countries. The purpose of the visit is to enrich Melco colleagues' understanding of the Motherland's National Security developments and its implementation within the Macau SAR. Further Melco group visits are planned, and a total of approximately 300 Melco colleagues are expected to tour the exhibition.

**Mr. Stanley Chan, Senior Vice President, Resorts Operations of Melco Resorts & Entertainment**, said, "This visit has been beneficial in helping me gain a stronger understanding of the latest developments in the Country's National Security-related policies. The exhibition was informative, offering myself and colleagues a better grasp of the important milestones in national development, as well as our role as Macau citizens to help safeguard the Country's security. I am grateful to the company for arranging the tour and will encourage colleagues to visit the exhibition."

Co-organized by the Macau SAR Government and the Liaison Office of the Central People's Government in the Macau SAR, the exhibition comprises four parts and details the current national security situation through approximately 400 photographic exhibits and 20 videos.

Acknowledging the importance of national education, Melco's *Splendors of China* learning program promotes patriotism among colleagues and the community. The program is dedicated to educating colleagues and the community about China's cultural heritage, economic policies, social systems and values, creating deeper insight for colleagues into understanding the majority of Melco's clientele, as well as appreciating the achievements of Macau's mother country. Melco's further *Splendors of China* initiatives have included seminars on the Spirits of the "Two Sessions" and Chinese history and Xi Jinping Thought taught by an eminent professor from Tsinghua University, national education study trips for executives and colleagues, various exhibition visits and nationalistic movie screenings.
